

# Walkin' On The Good Side

## Love Will Roll The Clouds Away

As along life's road you go  
Clouds may hide the light of day  
Have no fear for friend you know  
Love will roll the clouds away

### CHORUS

Love will roll the clouds away  
Turn the darkness into day  
I'm so glad I now can say  
Love will roll the clouds away

God is watching over all  
And he hears each time you pray  
So lift your voice in happy song  
Love's gonna roll the clouds away

Chorus x2

## **Walkin' On The Good Side**

Money have I little  
Riches not a lot  
But that don't bother me at all  
Cause I've got folks who love me  
Folks who care a lot  
And a God who'll always answer when I call

### **CHORUS**

Well I'm, walkin' on the good side of life  
Walkin where the livin is, oh so fine  
I'm on the right side, right on the bright side  
Walkin on the good side of life

Gettin' up at sunrise  
Workin; hard all day  
Treatin' my neighbor as I should  
Goin to church on Sunday  
Kneelin down to pray  
Smilin' at the world and feelin good.

Chorus x2

## Mercy Was Found

As Jesus sat down one day to eat  
A woman came and bowed at His feet  
With tear filled eyes she seemed so all alone  
No peace in her heart and no joy within  
A sinner was all she'd ever been  
But mercy was found  
When she was born again

### CHORUS

Mercy was found when she knelt down  
And amazing grace was all around  
And all at once her brand new life began  
All the wrong from all her past  
Was all forgiven gone at last  
And mercy was found  
When she was born again.

Like the woman who came to Jesus there  
My sins were many, my load hard to bear  
It seemed there was no hope within  
Then all alone in my dark despair  
Jesus came, and He met me there  
And mercy was found  
And I was born again.

### CHORUS

Mercy was found when I knelt down  
And amazing grace was all around  
And all at once, my brand new life began  
All the wrong from all my past  
Was all forgiven, gone at last  
And mercy was found  
When I was born again

## Ready For A Blessing

When you stand and face the mountain  
That seems too all to climb  
And all the things that you believe  
Are tested one more time  
Remember Jesus promised  
That mountain will be moved  
And a miracle is on its way to you.

### CHORUS

I'm ready for a blessing Lord  
You know I believe  
I'm hungry and I'm thirsty  
And I'm ready to receive  
From the well of living water  
Springs mercy, love, and grace  
Yes, I'm ready for a blessing  
In this place

When Jesus asked for water  
From the woman at the well  
He already knew the things  
She didn't want to tell  
I'll give you livin water  
Forgiveness for your sin  
Drink this water and never thirst again

Chorus x2

## Had A Little Talk With Jesus

Well I couldn't face the mornin'  
So I climbed right back in bed  
The Problems and the pressures  
They were runnin' through my head  
But then I felt the spirit whisper  
Child you've been right here before  
Every problem can be lifted  
When you give it to the Lord.

### CHORUS

So I had a little talk with Jesus  
And I told him all about my trouble  
I named them one by one  
And He rolled them all away  
Oh I had a little talk with Jesus  
And I felt a heavy load get lighter  
He always gives the strength I need  
To make it through the day.

Well there's nothin' like the feelin'  
When the Lord is in control  
And you know beyond a shadow  
It is well within your soul  
Now we all have days of trouble  
When our faith is wearing thin  
But I just try to remember  
Just what I did for help back then.

### CHORUS

#### Bridge

So when I feel a little  
Prayer wheel turnin'  
Then I know a little fire  
Is burnin'  
I just have a little talk with Jesus  
Have a little talk with Jesus  
He always gives the strength I need  
To make it through the day.

## **This Is My Valley**

Sometimes it seems  
My hearts gonna brak  
Seems like more  
Than my mind can take  
I still believe trials make me strong  
So tears and pain can't last too long

### **CHORUS**

This is my valley  
I will not complain  
I know it's good for me  
To suffer tears and pain  
This is my trial  
I will do my best  
To stand each trial and test  
This is my valley.

And every man has  
A valley to walk  
No one else  
Can carry his cross  
As soon as I pass  
This veil of tears  
I'll lay down my load  
On Zion's hill.

Chorus

## Every Step I Take

When I woke up this mornin'  
Spent some time with you  
A prayer of devotion  
I thought would get me through  
But very soon I stumbled  
Before much time had passed  
My prayer of devotion  
Just didn't seem to last

### CHORUS

Every step I take  
I want to take with you  
Every move I make  
Lord I want to make with you  
I thought a prayer this mornin'  
Would get me through the day  
But a daily walk is not enough  
I need you every step I take.

Now I pray for guidance  
All throughout the day  
And I pray for loved ones  
Who do not know the way  
And I'm always listening  
For the times you call  
I know when I am near you Lord  
It makes it hard to fall.

Chorus

## **Glory to God In The Highest**

Look up, fear not  
The angels said  
Behold Messiah's come  
The one of whom you read  
And as he spoke  
To men that day  
The heavenly host around the throne  
Join in to say

### **CHORUS**

Glory to God in the Highest  
Peace on earth and goodwill to men  
Heavenly angels announced his arrival  
In the little town of Bethlehem  
Hallelujah to the Lord sing holy  
He was born to save the world from sin  
Glory to God in the highest  
Glory, hallelujah to the Lord, amen.

Repeat Chorus

## **I Will Lift My Eyes**

### CHORUS

I will lift my eyes  
Unto the mountain  
There flows the fountain  
Whence comes my help  
I'll raise my hands  
To God Almighty on high  
I can no longer endure  
This valley by myself

I will raise my voice  
Up to heaven  
And my heavenly father  
Will hear my cry  
He will reach down  
And lift me upward and then  
He will tenderly brush  
Each teardrop from my eyes

Bridge  
Though I try so hard  
To look upward  
Sometimes my head bows low  
And it seems my prayers  
Stay in my lonely room  
With no place else to go

## **The Old Weapons Still Work**

This world is wicked  
Trouble on every hand  
My burdens get so heavy that I cry  
Dear Lord help me stand  
When the enemy rages  
I pray till I know Jesus heard  
And in the heat of the battle I've learned  
The old weapons still work.

### **CHORUS**

Faith still moves mountains  
That stands in our way  
And prayer is the door  
To heaven someday  
We still need Jesus  
For the battles we face  
My friend, no matter what you have heard  
The old weapons still work.

Now peace only comes when  
Someone has counted the cost  
And is willing to lay down his life  
For the sake of the cause  
It was Jesus my sacrifice  
There on an old rugged tree  
As He hung there dying He won  
Every battle for me.

Chorus

## **The Lamb**

I am not what you see  
There's one stronger than me  
Who can make all my mountains seem small  
And I am not the one who's strong  
I can't right all my wrongs  
I am nothing without His blood

### **CHORUS**

But I am the reason He cried  
And I am the reason He died  
To the father I am not  
An empty vessel of clay  
I am the lamb He died to save

And I am not a perfect man  
And I can't understand  
Why He would send His son  
To die for me  
And I am not free from blame  
But when I call His name  
He reminds me He died to set me free

Chorus
